# SCALAR ENERGY FOR THE WORLD

Vol 5: Scalar Energy and Photographs-How it Works

## Preface

The Sun of our solar system and all stars of the universe broadcast scalar energy throughout the universe. Thus, scalar energy is omnipresent.

And that's not all - scalar energy is also the carrier wave of all intelligence and information in the universe. Subsequently, it is responsible for all spiritual, mental, emotional, and physical activity in the universe.

All physical forms in the universe are assembled and maintained by way of scalar energy. That is, scalar energy imparts a signature or harmonic that serves as the intelligence to assemble and maintain each physical structure. Furthermore, every physical form, including a photograph, possesses a scalar energy signature or harmonic that is unique. In short, every photograph is a scalar energy signature or harmonic of the person or object photographed. A photograph of a person or object serves as the intelligence for a scalar energy instrument to locate and subsequently broadcast scalar energy to that person or object instantaneously.

## Broadcasting from the Stars

By way of analogy, a scalar energy instrument is similar in function to a satellite. That is, a scalar energy instrument can locate and broadcast scalar energy to a person or object by way of a photograph; whereas, a satellite can locate and broadcast a radio or microwave signal to a cell phone tower, radio, TV, etc. Succinctly, a scalar energy instrument can treat a person or an object with scalar energy as a satellite can transmit an electromagnetic signal to an electronic device. The analogy below serves as a comparison of a scalar energy instrument to that of a satellite.

	Scalar Energy Instrument	Satellite
<b>Type of Energy:</b>	Scalar Energy	Radio and microwave signals (electromagnetic energy)
<b>Receives Energy:</b>	People or animals for treatment	Cell phone towers, radios, TVs
<b>Means of Identification:</b>	Photograph of a person or animal	Transponder

## An Instantaneous Connection

In summation, a photograph of a person or an object serves as a point of reference or identification for a scalar energy instrument to broadcast scalar energy to that actual person or object. A photograph of a person or an object allows a scalar energy instrument to establish an instantaneous connection by way of the omnipresent scalar energy hologram. Simply stated, a photograph of a person or an object is incorporated into, and part of, the infinite scalar energy hologram.

Furthermore, all physical forms are incorporated into, and part of, the infinite scalar energy hologram. Thus, the interconnection of all physical forms within a scalar energy hologram represents a dimension in which time and space are transcended. Scalar energy is the direct expression of the Universe, which serves to provide "dominion" over nature. May you be granted excellent health!

## About the Author

Tom Paladino is a scalar energy researcher and has 25 plus years' experience helping people with chronic pathogenic illness.

Tom Paladino's research and work with the scalar energy began during his undergraduate years. He was inspired by various scientists, i.e., Hieronymus, Moray, Priore' and especially Nikola Tesla, as to the existence of an energy that is not of the electromagnetic spectrum. With this inspiration, he pursued a course of independent study in order to better understand and subsequently harness scalar energy.

Scalar energy is also known as prana, chi, radiant energy, zero point energy, qi, orgone, eloptic. After years of experimentation and modification, Tom Paladino has developed a technique using scalar energy that will transmute pathogens quickly and painlessly. This technique facilitates the use of photographs of people who desire to have pathogens transmuted in their bodies.

Tom Paladino developed a treatment process whereby he is able to administer the scalar energy reverse-phase angle harmonic of a pathogen, thereby causing that agent of infection to disassemble or fall apart. Scalar energy operates at the quantum level and is capable of disassembling all types of pathogens thus eliminating the causative agent of disease. Once the causative agent of a pathogenic disease has been eliminated the symptoms associated with that infection decrease or disappear altogether.
